Time to act

It is okay not to be okay,
It is okay to be just okay,
It is okay to feel isolated, feel downhearted or melancholy sometimes,
It is okay to ask for help when you think you are ready to receive some;
But it is not okay to let ourselves drown like we never existed,
It is not okay to feel guilty of something we did not commit,
It is not okay to let things happen without doing something to help,
It is not okay to clothe our eyes when the world is slowly falling apart;
Open our eyes is the first step, then...
We must help each other, be there for each other,
We must fight against what seems immoral to us,
We must fight against what IS unfair,
We must ACT;
Act is the second step, a precious step because...
Time is all we have to make our world a better one without transforming it into a utopian fantasy,
Time is what brings people to realize and face reality,
Time is what we need to face racism, social, gender and environmental issues,
Time is key, the key to all solutions;
Change is now a necessity, so...
Be proud to be the person only you want to be, just be yourself,
Be the one who cares,
Be the one who is making himself heard,
Be the hero of the twenty-first century;
Superman's era is over, the enemy and the victims are not the same,
BLACK LIVES MATTER,
WOMEN LIVES MATTER,
BROKEN LIVES MATTER,
OUR WORLD MATTERS,
All lives matter when they all are considered as their fair value,
All tiny details of every lives matter, it is TIME.
